LLP Id No. AAK-4058

CERT-In Empanelled Information Security Auditing Organization (2020-2027)

Certified ISO 9001:2015 (No. IAS0508Q2286)

Certified ISO/IEC 27001:2022 (No. IN/26314557/3260)

Tuesday,23rd June 2026

Safe To Host Certificate

Certificate Number	: 126/26-27/2478
Organization Name	: Embassy of India, Doha, Qatar
Address	: Villa No 86 & 90, Street No. 941,Al Eithra Street, Zone 63,Onaiza, P.O. Box 2788,Doha - Qatar.
Application Name	: Embassy of India, Doha, Qatar
Production URL	: https://www.indianembassyqatar.gov.in/
Testing URL	: https://audit.indianembassyqatar.gov.in/
Audit Period	: 4th June 2026 to 23rd June 2026
Compliance Verification Date	: 23rd June 2026
Hash Value	: 3c86cde7e92486c7056e4111b1d7d93903f3fa452ea47f0d3c17b2cd79abc8cf
Path	: /home/auditindianembassyqatar/public_html/
Certificate Validity	: 1 year (Valid till 22-06-2027)

The above web application has undergone comprehensive IT (Cyber) Security Audit by our organization through provided Testing URL as per guidelines, advisories, white papers and vulnerability notes, Directions by CERT-In under Section 70B, Information Technology Act 2000, Guidelines for Secure Application Design, Development, Implementation & Operations issued by Indian Computer Emergency Response Team (CERT-In). We also tested the web application against various Web Security Standards like OWASP Application Security Verification Standard (ASVS), Open Source Security Testing Methodology Manual (OSSTMM3), Common Weakness Enumeration (CWE), Common Vulnerabilities Exposures (CVE), SANS Top 25 Software Errors, etc.

The audit was conducted on the given staging environment, not in production environment.

Conclusion: Based on the audit outcomes, it is certified that the application is free from any known exploitable vulnerabilities as of the audit date.

The assessment represents the security posture of the application at the time of testing only. Any changes to application code, configuration, infrastructure, deployment architecture or security controls after the assessment period may invalidate this certificate. The certificate is valid only for the explicitly defined scope.

Other Recommendations:

1. Web Server Security and the OS hardening need to be in place for the production server.
2. Web Application should comply with Guidelines for Secure Application Design, Development, Implementation & Operations issued by CERT-In.
3. Organization must comply with the Directions issued by CERT-In (Notification No. 20(3)/2022-CERT-In) dated 28th April 2022 relating to information security practices, procedure, prevention, response and reporting of cyber incidents for Safe & Trusted Internet.
4. Auditee should follow the Technical Guidelines on SBOM | QBOM & CBOM | AIBOM | HBOM | Version 2.0 issued by CERT-In dated 09.072025.
